A message from the principal, Lauren Jones.

Hello and a big welcome to Footsteps Dance schools 5th dance showcase 'Steppin' Out 2022'.

We are hugely excited to present this show to you today. This showcase demonstrates lots of different dance styles and song choices and we have had the most amount of fun bringing it all together for you. I am immensely proud of every dancer stepping out on stage today, from our first time beginners up to our advanced dancers.

The last two years has took many twists and turns with the COVID-19 pandemic and footsteps did their utmost to make sure that dance was still accessible to all those at home. We danced through YouTube, zoom, WhatsApp and skype. Seeing the resilience of the dancers, families and staff was amazing it was our little bit of normal in a very upside down world. Even though this was a tough time, I am immensely proud of how Footsteps Dance School navigated the pandemic and provided services throughout. The anticipation about this being our first big event is off the scale. This is the biggest showcase we have put onto date and we are very excited to show you everything we have been working on over the last few months. This show has come together over the last 6 months through the talent of our dancers hard work and imagination of the staff and a small army of fabulous helper behind the scenes.

Now we invite you to sit back, relax and enjoy the magic and talent of the dancers taking part in "Steppin' Out 2022"

Act One

Vogue

Upside Down

Friend like me

Our 2022 Charity

The MPS Society is a national rare disease charity based in Buckinghamshire, providing vital support to families affected by one of 27 rare genetic conditions. They are the only registered charity in the UK that focuses on MPS (Mucopolysaccharide), Fabry and related diseases and they support over 1,600 people each year. These diseases cause a range of progressive physical and/or neurological disabilities and sadly there is no cure. This wonderful charity raises money and awareness of these conditions through fundraising, information, research and support and want everyone affected by these conditions to know where to turn for specialist support and advice.

The MPS Society has lots of exciting events planned for their members, supporters and the wider public this year. If you have any questions or would like to get involved, please email fundraising@mpssociety.org.uk or visit www.mpssociety.org.uk. You can also make a donation here: <https://www.mpssociety.org.uk/donate-now>.

Thank you for helping us to support this amazing charity.

Isaac Turner, brother of former Footsteps dancer Eliza, was born in 1998 and was diagnosed with MPS1 (Hurler's Disease) in summer 1999. He had 2 Bone Marrow Transplants in 2000 at Manchester Children's Hospital in order to halt the worst effects of the disease.

MPS1 is a genetic disease with multiple issues for people who have it - skeletal problems, breathing difficulties, enlarged organs and deafness. If untreated a person with Hurler's will die before the age of 10. Isaac's Bone Marrow Transplant worked at the second attempt and he went on to defy all the odds stacked against him - despite the physical disabilities and profound learning difficulties he had, he was a vibrant, energetic and courageous young man who loved people, liked to chat and ask them questions, went to school, college and clubs, and who was remembered and loved by everyone who met him.

In November 2021 Isaac caught Covid. One unintended consequence of his Bone Marrow Transplant 21 years earlier was that his immune system never came back and that made Isaac vulnerable to illness and disease. A week after contracting Covid Isaac died at Wythenshawe hospital with his mum Lou, dad Adam and sister Eliza with him. They are heartbroken about his passing but grateful to have had him for 23 years and to have spent so much time with him. They want to thank Footsteps for making the MPS Society their charity of 2022 and for remembering Isaac.

Footsteps Summer Dance Camps 2022

Week 1 - 25th - 29th July
Week 2 - 8th - 12th August
