A 'child or young person' for the purpose of this statement refers to a person under the age of 18 years. This statement applies to all children and young people regardless of gender, ethnicity, disability, social orientation or religion.

An 'adult at risk' is defined as someone over the age of 18 years who

- (a) has needs for care and support (whether or not the local authority is meeting any of those needs) AND;
- (b) is experiencing, or at risk of, abuse or neglect, AND;
- (c) as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

*Please see appendix 2 for further information and definitions for all devolved nations

*Please note that in the case of someone who is 18 years or older we do not have the right to report disclosures without their express permission unless that person is recognised as an adult at risk over 18 or there is a risk to someone under 18 years.

5. WE RECOGNISE THAT:

- The welfare of children, young people and adults at risk is paramount in all the work we do and in all the decisions we take.
- Working in partnership with children, young people, adults at risk, their parents, carers and other agencies is essential in promoting individual welfare.

- All children, young people and adults at risk regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse.
- Some children, young people and adults at risk are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- Extra safeguards may be needed to keep children, young people and adults at risk, who are additionally vulnerable safe from abuse.
